**Be the reason for
someone's *heartbeat***

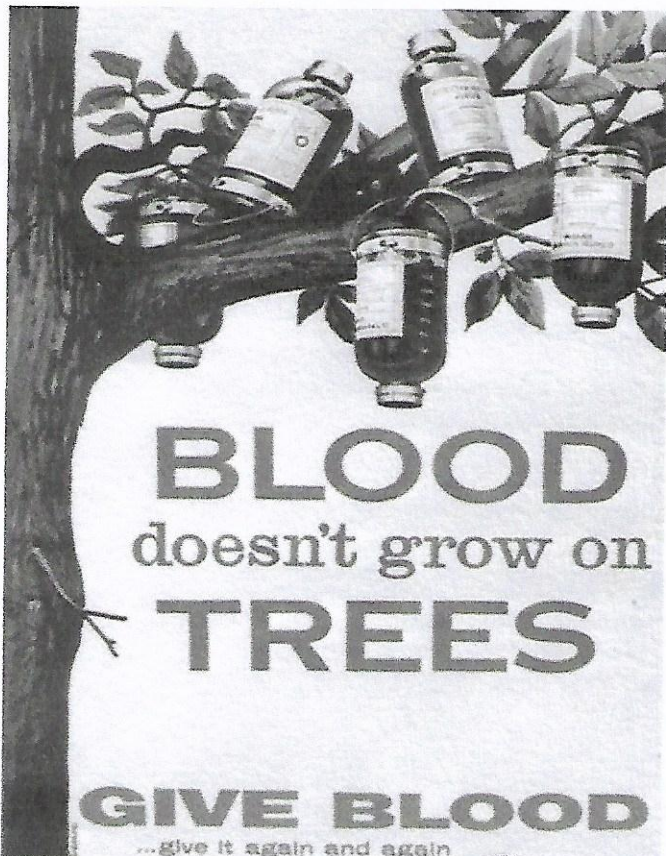

Dr. S.B. Thorat & Dr. D.D. Pawar, Dr. Shivraj Bodke while inaugurating the Blood Donation Camp at ITM College Nanded.

Dr. A.R. Shukla Motivated the students and staff for blood donation.

Making a donation is the ultimate sign of solidarity. Actions speak louder than words. Blood is a crucial element that our bodies need, and donating blood is a kind act that helps save millions of lives. When individuals require blood for surgery, after an accident, or to cure diseases, it can save lives. SSBES' ITM conducts blood donation camps on a regular basis under NSS. Apart from students and teaching, non-teaching staff members many common people also participate in this activity. The blood collected from this camp is to be given to Dr. Shankarrao Chavhan Government Hospital, Nanded. The college arranges refreshments for those who donated blood in the camp. Students and other donors who had participated in this blood donation camp were given certificates of participation and mementos.

Dr. S.B. Thorat while Felicitating Dr. D.D. Pawar during Blood donation camp

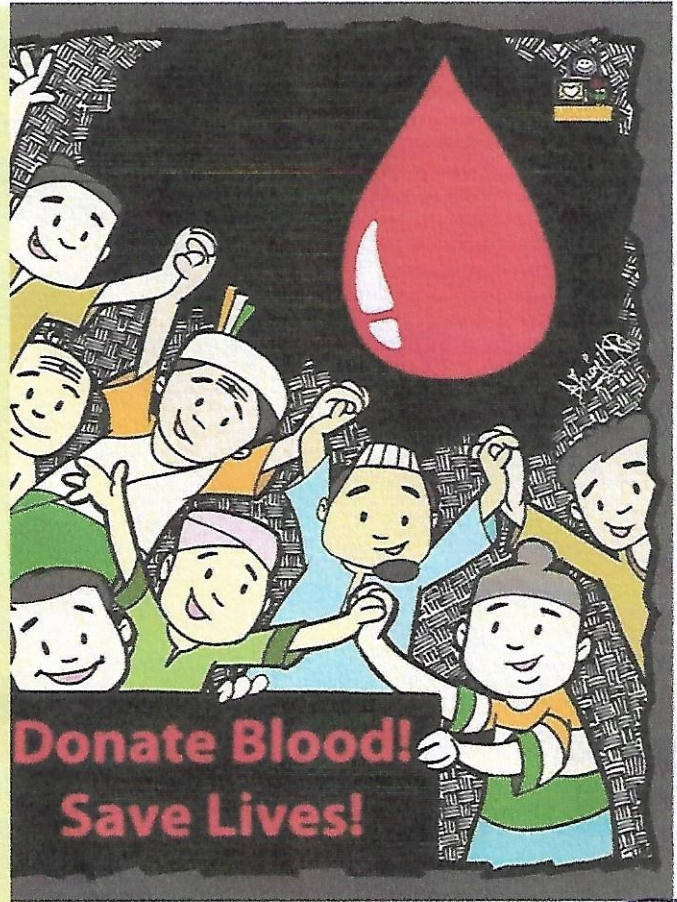

Dr. S.B. Thorat while appreciating and Motivating the students for Blood Donation.

Doctors From Shree GuruGovind Singh Govt.Hospital, Nanded awarded SSBES' ITM College Staff and Students with Mementoes and certificates.

Dr.S.B.Thorat while encouraging and appreciating the Staff members of ITM college Nanded.

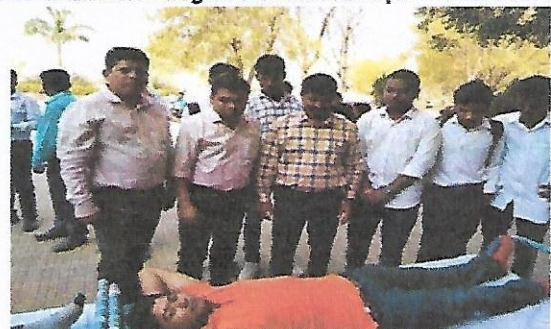

The Government Hospital assigns a team of doctors to watch over the entire process and to collect the blood. The institute also arranges for a resting room for anyone who feel dizzy or sick after donating blood. NSS Volunteers from the institute come to help the institute to organize the blood donation camp. The Director, Dr. S. B. Thorat always motivates and appreciates everyone present in the camp.

Lives are saved by safe blood. Women who experience issues during pregnancy or childbirth, kids with severe anaemia, frequently brought on by malaria or malnutrition, accident victims, people undergoing surgery, and people with cancer all require blood.

Because blood may only be stored for a brief time before use, there is a persistent need for a steady supply. To guarantee that blood will always be accessible whenever and wherever it is required, a sufficient number of healthy individuals must donate blood on a regular basis. So that our institute takes honest efforts to be a part of this noble social service.

Dr.S.B. Thorat, Dr.M.M. Bokare and Dr.P.A. Kadam After donating the Blood in camp.

The ITM Staff Always supports the students for such activities which gives satisfaction.

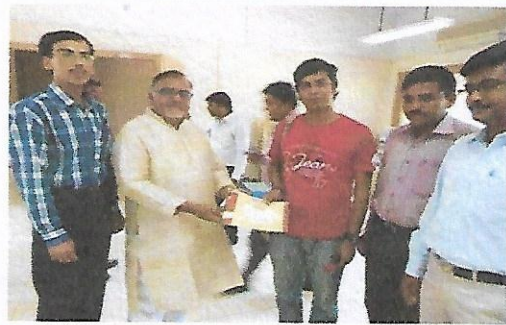

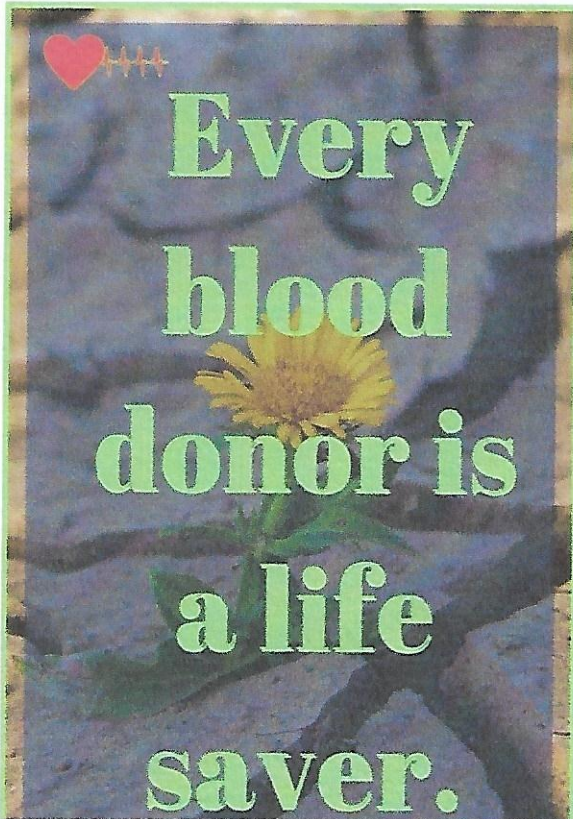

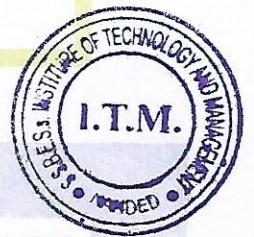

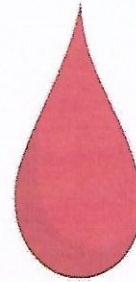

The student of ITM College Mr.Sharma donated Blood for Last three years. ITM Staff members while appreciating his noble work.

Staff members of ITM while appreciating the student of ITM for donating Blood constantly for three years .

"Mother's tears cannot save her child's life but your blood can."

Dr. Altamash, Dr. Bokare and Dr. Kokate while giving certificates to the doner students.
