REPORT ON

"Information Technology and Intellectual Property Rights"

A workshop on the topic "The Power of Positive Thinking" was held by Dr. Amol Karwa at 12:15 pm in SSBES's ITM, Nanded on 30/04/2022 and around 86 students attended the same.

The objective of this workshop to guide the students about the impact of IT on Intellectual Property Rights.

Intellectual property (IP) is a term for any intangible asset -- something proprietary that doesn't exist as a physical object but has value. Examples of intellectual property include designs, concepts, software, inventions, trade secrets, formulas and brand names, as well as works of art. All this was explained by Dr. Amol Karwa in his interactive speech.
